

## Eat & Explore in the Park!

# Become a Giving Partner and Transform the Lives of Children for Years to Come

Dimensions Education Programs is an inclusive and welcoming community program that has been serving children from all over Lincoln and surrounding communities for more than 55 years.

Our mission is to inspire children, families, and educators to connect more deeply with the world around them. Through inspiring environments, quality materials and exemplary teachers, each child's curiosity guides curriculum opportunities to develop a foundation for life-long learning.

This year, **our fundraising goal is to raise \$30,000** and we need Giving Partners, like you, to help us continue to connect children, educators, and families with the resources they need to learn, grow, and thrive. Contributions will directly support our community's youngest learners with high-quality, nature-based early childhood education.

With your contribution, your organization will be recognized at our annual community event **Eat & Explore in the Park** on Saturday, May 2, 2026 from 10 a.m. to 1 p.m. The event will feature live music, entertainment, and fun activities for all ages!
